

Restaurant Paging System

Push Button Paging

Improve Staff Communication & Customer Service

Push button paging system facilitates instant communication between staff and managers and improves customer service. Push a button on the paging system and take action quickly to provide a better guest experience:

- > Call managers to speak with customers
- > Call bar backs for ice, glasses and cleanup
- > Page manager for re-fires in the kitchen

Benefits include:

- > Improves staff/manager communication
- > Increases staff responsiveness
- > Improves customer experience
- > Allows staff and managers to respond to customer concerns quickly, turning a potentially bad experience into a good experience

Run your restaurant more efficiently with Push Button Paging. You will be confident that you are providing excellent customer service with improved communication and staff responsiveness, both leading to increased sales.

Push Button Paging Highlights

- > **Simple Self-Installation**
Simply plug in the charging base. No WiFi is needed.
- > **Easy-to-Use**
Simply place the Push Button transmitter anywhere its needed. Push a button to page managers, bar backs, and more.
- > **Completely Wireless**
No messy wires or electrical cords on the transmitters.
- > **Pager Options**
Choose from 1, 3 and 5 button pagers.
- > **No Software Required**
Other staff and manager paging systems require expensive and complicated software licenses. Push Button Paging System is all you need!
- > **Rechargeable**
Unlike the competitors' systems, Push Button Paging transmitters are rechargeable.
